PROGRAMMING RATED T FOR TEENS: LIBRARY RESOURCES

Programming Rated T for Teen: Library Resources encourages participants to develop highly interactive, fun, and successful programs for young adults. This class takes participants through a SWOT analysis, setting up program or production, and tips on grant writing. In addition, this class includes an overview of the Search Institute's 40 Developmental Assets[®], practical information on developing teen programs, the six P's + 1 of planning an event, tips on the Do's and Don'ts in teen programming, and several specific programs that can be utilized immediately.
