WORKPLACE VIOLENCE FOR SUPERVISORS

Workplace Violence Awareness for Supervisors instructs participants on how to create a safe environment for your employees. As the number of workplace violence incidents continues to rise, it is increasingly important to be able to recognize threats and take preventative action. The class includes techniques to improve your ability to see warning signs and respond effectively, guidelines for documenting behavior, and group discussion of case studies involving actual workplace violence situations.

Objectives:

By the end of this workshop, participants will be able to:

- Identify guidelines on how to safely and effectively prevent workplace violence
- Recognize which conditions have the potential to escalate into violence
- Identify specific actions to take when a workplace violence threat exists
