

Celebrating Differences: Inclusion in the Workplace

Objectives:

By the end of this workshop, participants will be able to:

- Recognize the need for inclusion at work
- Leverage a diverse workforce in becoming a higher performing organization
- Identify individual and organizational barriers that exist in the workplace
- Implement specific steps they can take to break out of their diversity box and move toward an inclusive workplace

Summary

Celebrating Differences instructs management level personnel on how to create a productive, synergistic environment for your employees. Diversity is not a “problem” that needs to be managed; it is the “solution” for future success. The old way of thinking that differences must be avoided and not utilized is a barrier that prevents an organization from being truly successful.

The course includes eleven inclusive behaviors to implement, techniques to act as a “talent magnet,” and a plan to put the information into action.
