

## Leading By Example

### Objectives:

By the end of this workshop, participants will be able to:

- Identify characteristics of effective leaders
- Identify the role that personal values play in leadership
- Recognize the dynamic relationship between leaders and followers

## Summary

The second class in The Lead Worker Academy challenges participants to **acknowledge both the existence of influence and the power that it wields**. Building on that truth, learners work together to create a list of **characteristics valued in those who lead**. This list becomes a personal challenge to pursue in our quest to **lead with integrity**.

Participants then discover some **attributes of a healthy leader/follower relationship**.
